e-commerce paper mailing bag

NEW

The all-rounder in packaging

Also your customers will benefit from this eco-friendly mailing bag

Direct delivery to you without shipment to neighbours or any shops

For the sake of the environment: FSC®-certified paper (FSC-C014176) and water-based colours

Replaces bulky cardboard packaging in an eco-friendly way

We complement our range by a further eco-friendly and easy-to-ship product. Whether it is textiles, books or socks – every product will find its suitable format. Our new e-commerce paper mailing bag is not only a useful packaging product, but also an added value for your end customers.

Advantages for you as sender

- Easy handling when filling
- Resistant and returnable shipping product
- Low-postage shipping, due to its low tare weight
- Individual print possible
- Saving in additional filling materials and tape
- Standard range available from stock at short notice

Advantages for your end customers

- The shipment will be with your customers directly
- Easy returns processing, due to the double-fix closure
- Easy handling when unboxing the goods, due to the opening perforation
- Can be re-used, e.g. as waste bag for the organic waste
